Portfolio: sa23515193.github.io/sawaira-ijaz-portfolio/

SKILLS

- Full-Stack MERN Development
- React / Next.js
- Node.js / Express
- PHP / Laravel
- MySQL / MongoDB
- JavaScript / TypeScript
- Spreadsheet Data Analysis
- Office Data Management
- Word Processing
- Data Interpretation
- Systems Software Engineering
- SEO Content Writing
- Adaptive Learner
- Strong Interpersonal Skills
- Tailwind CSS, TypeScript, Vite
- RESTful APIs, Express.js

PROFESSIONAL SUMMARY

7th-semester BS Computer Science student at University of Gujrat (CGPA 3.34/4.00; 6th semester 3.54/4.00) with broad experience in software development, data analytics, and technical communication. Internship history includes full-stack development and AI technical content writing, supported by training in Google Advanced Data Analytics and strong Microsoft Office skills. Practical technical work includes React, Node.js/Express, Laravel/PHP, MySQL, and MongoDB, with an e-commerce platform featuring product, inventory, orders, and admin capabilities. TEFL-certified teaching experience adds clear communication and documentation discipline for collaboration-focused roles.

WORK EXPERIENCE

Full-Stack JavaScript Intern — ZeroIntern

Ci

- Full-stack development with React, Node.js/Express and databases, building an e-commerce platform with product, inventory, order and administration modules.

AI Technical Content Writing Intern — GAO Tek Inc.

Cu

- AI technology research, content structuring, technical writing and professional communication.

Summer Intern — Devixo Solutions

- Offer accepted; preparing for professional project-based experience.

Teaching Experience — Classroom & Online — FreelanceCu

· TEFL Certified

- Classroom and online instruction, lesson support, student guidance and English-language teaching for international learners.

Full-Stack Web Developer & Freelancer — Independent Practice & Academic Projects

C

- Engineered responsive, dynamic web applications and scalable full-stack solutions through freelance contracts, independent client projects, and rigorous university coursework.
- Leveraged modern web technologies including React,

CERTIFICATIONS

- Google Advanced Data Analytics — Coursera
- Fundamentals of Project Management — UC Irvine
- Strategic Leadership & Management — University of Illinois Urbana
- Stakeholder Management — Google
- Foundations of Management — UC Irvine
- Advanced Web Development — NAVTTC (3 months)
- Digital Marketing — Alison
- TEFL — English Teaching Certificate

EDUCATION

BS: Computer Science — University of Gujrat, Pakistan

- 7th Semester · GPA 3.34/4.00

Intermediate (I.Sc.) — Superior College, Pakistan

Matriculation: Science Group (Biology, English Medium) — Govt. Higher Secondary School, Garhipura, Gujrat

RESEARCH & CAREER INTERESTS

- AI & Machine Learning
- Deep Learning, Computer Vision & Image Processing
- Data Science & Applied Statistics
- Full-Stack Web Development
- Technical Content Writing
- International Academic Collaboration

LANGUAGES

Urdu: Native / Fluent

English: Professional Working Proficiency

INTERESTS

- Website Development
- Artificial Intelligence
- Technology

- Janat Fatima — Professor (contact details available on request)

Next.js, Node.js, Express, JavaScript, TypeScript, and PHP/Laravel along with robust database integrations (SQL, MongoDB).

- Managed end-to-end development lifecycles, translating complex UI/UX designs into high-performance user interfaces and maintaining clean, efficient backend codebases.

Frontend Development Intern — CodeAlpha

Oct 2

- Responsive interfaces, modern web technologies and practical project work.

Full-Stack Development Intern — Decode Labs

Sep 2

- Software development workflow, web technologies and project-based learning.

Web Development and Designing Intern — Oasis Infobyte

- Engaged in a hands-on fellowship focused on web development and designing concepts, applying modern frontend techniques to build functional user interfaces.

Participated in practical project-based learning to enhance core web development skills and streamline layout structures.

Web Development and Designing Intern — Syntent Technologies

- Completed practical training and orientation focused on real-world web development and modern design principles.

Enhanced technical understanding of responsive web structures and interface components through task-oriented learning.

Data Science & Data Analyst Intern — Zidio Development (3 Months)

- Worked on data science and data analysis tasks, handling data extraction, cleaning, and exploratory data analysis (EDA) to derive meaningful insights.

Utilized analytical tools and techniques to interpret complex datasets, design reports, and support data-driven decision-making processes.

PROJECTS

Restaurant Management & Online Ordering System

Developed a complete restaurant web application featuring online food ordering, interactive menu categories, and cart management.

Integrated an admin dashboard to track customer orders and manage restaurant operations efficiently.

Pakistan Data Analysis & Visualization Dashboard

Built a data-driven web tool to analyze Pakistan's demographic, economic, or geographic datasets.

Utilized Python, Pandas, and visualization libraries to process complex datasets and display insights through clear graphs and reports.

E-Commerce Full-Stack Platform

Developed a comprehensive e-commerce platform featuring product management, inventory tracking, order processing, and admin control capabilities.

Implemented responsive frontend interfaces with robust backend databases (MySQL/MongoDB) for user authentication and administrative workflows.

Dynamic Portfolio & Web Applications

Engineered responsive, dynamic web applications and scalable full-stack solutions using React, Next.js, Node.js, and Tailwind CSS.

Managed end-to-end development lifecycles, translating complex UI/UX designs into high-performance user interfaces.

Task Management & Productivity Tool

Created a web application designed to help users efficiently manage their daily tasks, to-do lists, and project timelines.

Provided real-time data updating and a user-friendly interface through secure database connectivity and local storage.
